PRESIDENTIAL PROFESSORSHIPS – COMPREHENSIVE ANALYSIS 2013-19

Nominations and Recipients – Norman Campus
About Presidential Professorships

- Established by the OU Board of Regents in 1995
- Presidential Professorships are funded through endowments managed by the OU Foundation. Due to source funding, the number of available awards varies each year.
- Some awards are restricted through the donor agreements to specific ranks and/or academic areas (e.g., Dept of History, College of Education).
- Norman and HSC campuses have separate Presidential Professorship Selection Committees that evaluate the nominations.
- Committee Membership is established by policy.
About the Nominations

Since 2012-13, 135 nominations have been submitted for Presidential Professorships from the Norman Campus.
About the Nominations

![Graph showing nominations over years]

- 10-15 Years: 24%
- 15-20 Years: 17%
- 20+ Years: 12%

Does not include current AY
PRESIDENTIAL PROFESSORSHIP SELECTION COMMITTEE
About the Committee

- The committee’s composition is established by BOR policy.
- Each campus’s selection committee is chaired by the Senior Vice President and Provost and the Vice President for Research, who serve as non-voting members.
- The committee has 13 voting members:
  - 6 faculty and 3 academic administrators from among current members on the Research Council, University Council on Faculty Awards and Honors, and Deans’ Council. These members serve three-year terms.
  - 2 faculty at-large from tenure-track and tenured faculty (appointed by the President). These members are appointed to two-year terms.
  - 2 distinguished individuals from the external community (appointed by the President)
About the Pool

• A member was counted in the data set if there was evidence of their participation in the evaluation process during their appointment to the committee.
• External community members were not included in the data set, since their affiliation is outside of the parameters being examined (rank, research area, etc.).
• The data set includes 35 members.
Committee Members - Research Area

- Engineering: 23%
- Life Sciences: 9%
- Business: 17%
- Social and Behavioral Sciences: 6%
