______________________________
PRESIDENT JAMES GALLOGLY:

DATE: _______________________

ACTION TAKEN:
President’s Academic Program and Budget Advisory Committee

The basis:

President Gallogly and the Faculty Senate Executive Committee (FSEC) agree to the creation of an Administrative Advisory Committee as described by Faculty Handbook Section 2.7.5:

(A) Administrative Advisory Committees Officers of the University are authorized to establish special advisory committees for subjects not covered by the council or standing committee structure, so long as they do not duplicate the work of the councils and standing committees. These committees are composed of members selected in a way determined by the establishing official. The number and purposes of these committees are reviewed regularly by the President and the Faculty Senate.

The charge:

The purpose of the committee is to assess academic budget revisions in the context of the University’s ongoing comprehensive budget review. The committee’s purview will extend to include:

- Major budget revisions ($100,000 and above) or major programmatic reorganizations
- Within Academic Affairs
- Pertaining to the core academic mission, i.e. excluding functions like IT, Public Affairs, Finance, HR, Building Services, Landscaping, etc. Existing Councils may be consulted on certain of these matters as already contemplated in their charters.

The committee is to evaluate proposed budget revisions and to assess their potential impact to the academic mission by consulting a broad range of stakeholders. The committee will make recommendations to the President and keep the Faculty Senate informed about the process and outcomes. The committee will move expeditiously but thoughtfully and deliberatively to make its evaluations.

The structure:

Within the framework of FH 2.7.5, the committee will be co-chaired by the Provost and a faculty member chosen by FSEC. The committee will consist of 10 additional faculty members, five appointed by the FSEC and five by the President. The committee in total will have at least one faculty member from each of 6 areas of scholarship on the Norman campus (Engineering, Fine Arts, Humanities, Natural Sciences, Professional Programs, and Social Sciences).

The committee will expire at the end of the 2018-19 academic year, and the President may extend its duration should the relevant work be ongoing at that time.

Given the heavy nature of this service burden, faculty agreeing to serve on the committee can be excused from additional service obligations during this academic year. Further, each member may choose a one-course reduction or a one-time supplemental payment of $2,000.

THE UNIVERSITY OF OKLAHOMA

CHARTER OF THE REGULAR FACULTY AND
THE FACULTY SENATE, Norman Campus

THE REGULAR FACULTY

COMPOSITION
The Regular Faculty of the University is composed of all faculty members with tenure track, tenured, and renewable term appointments at the rank of assistant professor, associate professor, and professor. The Regular Faculty does not include faculty members with temporary appointments.

POWERS
All legislative powers of the faculty of the University relative to the University as a whole are vested in the Regular Faculty. These legislative powers shall be exercised either directly by the Regular Faculty or by the Faculty Senate. The Faculty Senate shall remain responsible to the Regular Faculty for all action taken in its behalf.

OFFICERS
The officers of the Regular Faculty shall be the officers of the Faculty Senate: Chair, Chair-Elect, and Secretary. The three officers shall constitute the Executive Committee of the Regular Faculty and shall develop the agenda for meetings and otherwise fulfill the duties which may be described in the by-laws.

MEETINGS
The Regular Faculty shall meet at least once each semester (ordinarily on the third Thursday of October and the third Thursday of April) and at other times upon call by the Executive Committee. Such a call may originate from the President of the University or from a petition submitted to the Chair of the Regular Faculty by 30 faculty members representing two or more degree-recommending divisions. A minimum of 20 percent of the Regular Faculty on the Norman campus shall constitute a quorum.

THE FACULTY SENATE

COMPOSITION
The Faculty Senate shall consist of 50 members of the Regular Faculty. The senators shall be elected to three-year terms in the degree recommending divisions of the University. The electors shall consist of members of the Regular Faculty. Full-time administrative personnel above the department level shall be excluded from elections of the Faculty Senate. Assistant Deans, Associate Deans and Deans are not eligible for Faculty Senate positions or Faculty Senate Committees.
In the Faculty Senate, seats shall be allocated as follows: one seat to each degree-recommending division with at least one percent of the total faculty. Members of the Regular Faculty who are not members of a degree-recommending division of the University, or who are in a degree-recommending division with less than one percent of the total faculty, shall be treated as a separate division. The balance of the seats will be allocated among faculty members placed in this separate division according to a triennial apportionment proposed by the Faculty Senate and approved by the Regular Faculty. Degree-recommending divisions with no faculty members will be allowed to appoint a faculty member as an ex-officio member with all the rights and privileges of senate membership excluding the right to vote in official Faculty Senate actions.

Five students, including both graduate and undergraduate, chosen by the University of Oklahoma Student Association, shall serve as official student representatives to the Faculty Senate. Without voting privileges, these representatives will observe, participate in discussion, and maintain communication with the Student Association in regard to Senate actions. Six representatives of the Informational Staff Association of the University of Oklahoma and one representative of the Senior Vice President and Provost's Office also may attend meetings and participate, without voting privileges, in Senate discussion.

ELECTION PROCEDURE
Before the end of March each year, the Secretary of the Faculty Senate shall notify the dean of each constituent faculty of the number of senators which that faculty shall elect for the ensuing year. Those senators shall then be elected in April or May. They shall assume their duties in September and ordinarily will serve three-year terms.

The Secretary of the Faculty Senate shall maintain the roster of Faculty Senate membership. At any time that a vacancy occurs, the Secretary shall notify the appropriate dean so that immediate steps may be taken to elect a replacement to serve the unexpired portion of the three-year term.

The Secretary of the Faculty Senate will continuously monitor absences. When in a given academic year a senator has accumulated four absences, that senator is to be dropped automatically from the membership of the Senate. The Secretary will notify the appropriate dean to take immediate steps to provide a replacement for the remainder of that senator's term.

POWERS
The Faculty Senate shall exercise the legislative powers of the faculty of the University as delegated by the Regular Faculty. The Faculty Senate shall have the power to initiate any legislation requiring the Board of Regents’ approval in accordance with provisions of the University Constitution.

The Faculty Senate shall determine its own time of meeting, its own rules of procedures, promulgate rules and regulations governing its internal affairs, and establish standing and
special committees. The Faculty Senate shall establish and publish its own set of operational procedures or by-laws.

The Faculty Senate shall elect a Chair, a Chair-Elect, a Secretary, and such other officers as it shall by its operational procedures provide. Each standing committee of the Faculty Senate is authorized to select non-Senate members of the Regular Faculty. Students may be asked to serve and, in such cases, will be appointed by the University of Oklahoma Student Association.

The Faculty Senate may establish procedures to review the various functions of the University and any matter affecting the welfare of the University. Subjects for either review or legislation may be brought to the attention of the Senate by written communication either from any member of the University community or from any officially constituted agency.

LIAISON WITH THE PRESIDENT
The President of the University shall present to the first meeting of the Faculty Senate in each new academic year a general message on the state of the University in which he or she shall give recommendations for the furtherance of the progress of the University.

The President shall, within 30 calendar days after receipt of a Senate action, inform the Faculty Senate by written message of his or her disposition of a Senate measure. If disapproving the measure, the President shall, in writing, give the Senate reasons for the action.

Faculty/student councils shall be utilized by the President of the University in the development of policies on matters of vital interest to the University. These areas include teaching, research and creative/scholar activity, and professional and University service and public outreach, libraries, budgetary planning, faculty personnel, University relations, University community, athletics, University operations, and University projects. In order to give the faculty a voice in determining the faculty membership of major councils, which shall be named by the Faculty Senate resolution, the Faculty Senate shall each year provide a list of nominees from which the President will make his or her appointments for the ensuing year.

LIAISON WITH FACULTY SENATE, HEALTH SCIENCES CENTER
The Faculty Senate (Norman) shall maintain a liaison with the Faculty Senate (Health Sciences Center) through an Inter-Senate Liaison Committee composed of the Chairs, Chairs-Elect, and the Secretaries of the two Senates.

The purpose of the Inter-Senate Liaison Committee is to exchange information between the Senates on either campus and concerns and actions of mutual interest and to recommend actions to the respective bodies on each campus. The respective Chairs of the two Faculty Senates should arrange for the meetings of the Inter-Senate Liaison Committee.

AMENDMENT OF THIS CHARTER
This charter may be amended by a two-thirds vote of those present in any regular or special session of the Regular Faculty, provided that no amendment shall be effective until it shall have been approved by the Board of Regents.
A proposal to amend the Charter may originate by action of the Faculty Senate or by motion in a meeting of the Regular Faculty. In those cases in which the proposal originates through Senate action, the proposal must be submitted to the Regular Faculty, and consideration for the adoption of the proposal by the Regular Faculty shall not occur until the expiration of 30 days after the notification of the Regular Faculty through the Journal of the Faculty Senate.

If the proposal originates in the Regular Faculty, it shall not be considered for adoption until the expiration of 30 and not more than 40 days after the members of the Regular Faculty have received copies of the proposal from the Secretary of the Regular Faculty (Secretary of the Faculty Senate).
THE UNIVERSITY OF OKLAHOMA

BY-LAWS OF THE FACULTY SENATE, Norman Campus

A. OFFICERS:

1. The officers of the Senate shall consist of a Chair, a Chair-Elect, and a Secretary.

2. The Chair-Elect and the Secretary shall be elected by ballot at a meeting of the Senate in May. The ballot shall seek to have at least two candidates for each office. Candidates must have previously served as members of the Executive Committee. Additional nominations may be made from the floor. In the event of a tie between two candidates, candidates may offer brief remarks in support of their election, and/or may withdraw from the election. Subsequent rounds of voting will be conducted until one candidate achieves a simple majority. If three or more candidates stand for election and no candidate achieves a simple majority, the top two candidates will enter into a runoff election. If there is a tie among run-off candidates, all candidates may offer brief remarks and/or withdraw. Subsequent rounds of voting will be conducted until one candidate of the run-off candidates achieves a simple majority.

If either office is vacated, a replacement shall be elected at the next meeting of the Senate.

3. The Chair-Elect will succeed to the office of Chair whenever it is vacated or when his or her own successor is elected. Normally, the Chair’s tenure of office will be from May to the following May.

4. For officers elected between May 1 and January 31, the term of office will be until the following May. For officers elected between February 1 and April 30, the term of office will be until the second May following.

3. A person not a member of the Senate may speak only by invitation or permission of the Senate. Requests from non-members to speak shall be addressed in writing to the Chair. The Chair will present such requests to the Senate for action.

4. At the beginning of each academic year, the Executive Committee of the Faculty Senate shall elect a member of the Senate to serve as the Parliamentarian at all meetings of the Senate, as well as the General Faculty, during that year.

The four elected members may not succeed themselves. The at-large members shall be elected by ballot at a meeting of the Senate in May. The ballot shall consist of at least two candidates for each office. Additional nominations may be made from the floor. In the event of a tie between two candidates, candidates may offer brief remarks in support of their election, and/or may withdraw from the election. Subsequent rounds of voting will be conducted until one candidate achieves a simple majority. Subsequent rounds of voting will be conducted until one candidate of the run-off candidates achieves a simple majority.
In addition, the Chairs of the University Councils sit as *ex officio* members, without vote, on the Executive Committee. The three immediate past chairs of the Faculty Senate shall also be given *ex-officio* membership on the Executive Committee, without voting privileges.

(b) **Committee on Committees.** The Senate shall elect a Committee on Committees consisting of five members elected for staggered terms in such a manner that not more than two members will be elected in any one year. Report of the Ad Hoc Committee on Faculty Senate Reapportionment

Cecelia Brown
Michael Crespin
Hunter Heyck

January 2019

The Ad Hoc Committee on Faculty Senate Reapportionment met to recommend a reapportionment of the Faculty Senate. It first considered the policies found in the Faculty Handbook. The rules for apportioning the Senate are stated in section 10.2.1 of the Faculty Handbook:

"The Faculty Senate shall consist of 50 members of the Regular Faculty. The senators shall be elected to three-year terms in the degree recommending divisions of the University. The electors shall consist of members of the Regular Faculty. Full-time administrative personnel above the department level shall be excluded from elections of the Faculty Senate.

In the Faculty Senate, seats shall be allocated as follows: one seat to each degree-recommending division with at least one percent of the total faculty. Members of the Regular Faculty who are not members of a degree-recommending division of the University, or who are in a degree-recommending division with less than one percent of the total faculty, shall be treated as a separate division. The balance of the seats will be allocated among faculty members placed in this separate division according to a triennial apportionment proposed by the Faculty Senate and approved by the Regular Faculty. Degree-recommending divisions with no faculty members will be allowed to appoint a faculty member as an ex-officio member with all the rights and privileges of senate membership excluding the right to vote in official Faculty Senate actions."

Recommended Reapportionment

The Committee followed a number of past practices. Included in the faculty count are renewable term appointments at the Assistant Professor level and above and part-time faculty at the Assistant Professor level and above, term or tenured/tenure-track, according to their FTE. For faculty who are budgeted in non-degree organizations, we allocated as many of them as possible to their home departments (where they hold tenured or tenure-track appointments). They should, therefore, vote for their Senate representation with their academic department. The “Total” column in the table provides the total number of faculty in each unit when applying the above method of counting faculty.

There are 46.5 faculty members in non-degree recommending divisions who do not have joint appointments. That number represents 4.52 percent of the total faculty and entitles them to about 5 percent of the total numbers of Senators, or three Senators. Following both tradition and being justified
by their numbers we recommend allocating one seat, each, to the Library and ROTC faculties. Faculty members in non-degree recommending divisions as well as the faculties of Professional & Continuing Studies (formerly Liberal Studies), Honors, and Aviation are left. We recommend they share that last seat.

We recommend the remaining 47 seats be allocated using a proportional method. The committee used the “Webster Method” of allocating seats. It basically gives each unit its whole number of seats and then allocates the remaining seats to the largest remaining fraction until all seats are allocated. The specific recommendation of the committee is found in the column labeled “Recommended Allocation” in the attached table. The only change in terms of senate representation by college will be for Architecture, Education and Law to each lose one seat and Business, Engineering, and Fine Arts to each gain one seat.

We opted for the Webster method, in part, because it is more commonly used and generally perceived to produce the least bias. For a discussion, see: “Dividing the House: Why Congress Should Reinstate an Old Reapportionment Formula” (http://www.brookings.edu/research/papers/2001/08/politics-young). But, most convincing to the committee is the argument that the Faculty Senate has been apportioned using this method for as long as anyone can remember and absent a policy decision made above the committee’s level we felt we should follow tradition.

In conclusion, the Committee recommends the allocations in the table for the three years beginning with academic year 2019-20.

ACTION TAKEN:
Facility Senate Diversity, Equity, Inclusion, and Belonging Resolution
(Approved by the Senate at the March 11, 2019 meeting)

Whereas, the Faculty Senate is dismayed by the recent evidences of racist behavior by our students and on our campus;

whereas, we recognize that, while these incidents are despicable on their own, the sober fact is that they are merely symptoms of more systemic issues of embedded racism in our broader society and in our campus institutions;

and whereas, the Faculty Senate is committed to working with students, staff, faculty, and administrators to build and strengthen the infrastructure required to move the university forward in its efforts to disrupt and dismantle racism on campus,

the Faculty Senate of the OU-Norman campus calls upon the University of Oklahoma to demonstrate its commitment to enacting meaningful, long-term, positive change in support of the University’s non-discrimination statement:

“Diversity is one of the strengths of our society as well as one of the hallmarks of a great university. The University supports diversity and is committed to maintaining employment, educational, and health care settings that are multicultural, multiracial, multiethnic, and all-inclusive. Respecting differences is one of the University’s missions. The University does not discriminate or permit discrimination by any member of its community against any individual based on the individual’s race, color, religion, political beliefs, national origin, age (40 or older), sex, sexual orientation, genetic information, gender identity, gender expression, disability, or veteran status in matters of admissions, employment, financial aid, housing, services in educational programs or activities, or health care services that the University operates or provides.”

by empowering and supporting faculty, students, staff, and administrators as we work together to:

A. Hire a Chief Diversity Officer (CDO) to coordinate and implement a comprehensive diversity, equity, and inclusion program throughout the University of Oklahoma system and empower the CDO with the budget, staff, and accountability structures required to plan and implement meaningful change across all three campuses. Towards this goal, we recommend that the University consider implementing the following:

1. Designate the CDO a Vice-President level position that reports directly to the President.
2. Ensure that the Board of Regents and President use the expertise of the search committee previously established for the Associate Vice President for Community position to help them search for, identify, attract, and hire a CDO who has the professional experience and educational background necessary to do this work.
3. Maintain an Office of Diversity, Equity, & Inclusion (previously the Office of Community) with dedicated leaders responsible for implementing the necessary work on each of the three OU campuses. Provide each office with the resources and staff necessary to implement meaningful change, and empower each office to hold other campus leaders accountable as we move towards our diversity, equity, and inclusion goals.
4. Designate administrative responsibilities within each college to support and assess diversity, equity, and inclusion goals. It is important that this position has the protection of tenure and does not have conflicting mandates.
5. Provide funding for affiliated administrators, faculty, and staff to attend conferences such as those held by the American Association of Colleges and Universities (AAC&U) and the National Conference on Race and Ethnicity in American Higher Education (NCORE).

6. Align Colleges’ and academic units’ strategic plans with the university’s diversity, equity, and inclusion goals.

7. Provide clear access to information for faculty, staff, and administration regarding resources available to support students and others in the hour of need.

B. Develop clear, actionable plans that describe how we will recruit and retain more diverse students, staff, faculty, and administrators. These plans should be communicated broadly and publicly. The University must hold units and their leaders accountable for working swiftly to implement these plans and must regularly assess and report progress towards clearly stated goals. Towards this goal, we recommend that the University consider implementing the following actions:

1. **Recruit and retain more diverse faculty, staff, and administrators.**
   a. Develop and employ rubrics for faculty, staff, and administrative searches that explicitly value diversity, equity, and inclusion through all legal measures, including evaluating job candidates on cultural competency, record of mentoring students and colleagues from under-represented groups, broadening participation, inclusive practices, etc. Departments are encouraged to share rubrics developed under this policy with the Provost’s office, and a repository of those rubrics will be made available for guidance on best practices hiring procedures.
   b. Explicitly value work that strengthens campus diversity, equity, inclusion, and belonging when assessing faculty, staff, and administrators for annual evaluations, promotion criteria, awards, internal grants, merit indexes, etc.
   c. Reward faculty and staff involvement in diversity-focused trainings and workshops via the annual evaluation.
   d. Formalize mentorship programs and reward mentors in annual evaluation and merit indexes.
   e. Include numerical registering of community outreach in annual evaluation and merit indexes.
   f. Fill all vacant administrative positions with open searches, either filled internally and (as appropriate) externally. Each search must ensure a qualified and diverse applicant pool by advertising open positions through University-wide internal communications and enumerating criteria and qualifications sought.
   g. Hold search committees accountable for following best practices for supporting diversity, equity, and inclusion in the recruitment, hiring, and retention process.
   h. Assess and address salary inequalities for faculty, staff, and administrators.
   i. Invest in a robust pool of resources and funds to support competitive recruitment and retention of faculty from underrepresented groups. Ensure clear communication of the availability of this pool of resources and funds.

2. **Recruit, retain, and graduate more diverse undergraduate and graduate students.**
   a. Increase resources and funding support for Multicultural Programs & Services in Student Life, including adequate staffing of advisors/directors who work with diverse student populations who are paid equitable salaries.
   b. Provide bridge funding for graduate students of color, first-generation graduate students, and graduate students from low-socioeconomic status backgrounds at the beginning of their studies during which they can (a) receive funding without having to immediately go into an intensive TA
position, (b) pursue any leveling coursework they need and/or audit graduate courses they will take for credit the following year, (c) receive effective mentorship that is sensitive to their needs, and (d) get access to tutoring if needed.

c. Provide bridge funding from appropriate accounts for TRIO/Project Threshold and identify support network for next grant cycle.

d. Invest in diversity, equity, and inclusion efforts in living-learning spaces.

e. Identify opportunities to improve student diversity through strategic scholarship awards (e.g., need based, sovereign nation agreements).

f. Identify meaningful ways to facilitate student connections with their home community.

g. Assess and address salary inequities for graduate assistants and undergraduate student workers.

3. **Build and strengthen organizational leadership, planning, and communication.**

a. Establish and publicly communicate goals for further diversifying student, staff, faculty, and administrators.

b. Seek out and meet with diverse student groups to better understand student needs and priorities, particularly those from marginalized groups and those involved in multicultural and intersectional communities.

c. Consult and support our current faculty, students, staff, and administrators who have expertise in diversity, equity, and inclusion work. Value their ideas and efforts as critically important scholarship, not side-projects.

d. Solicit and invest in faculty-, staff-, and student-led projects aimed at supporting or amplifying OU’s recruitment, retention, and reputation relevant to diversity, equity, inclusion, and belonging goals.

e. Include diversity, equity, and inclusion as part of the university’s development strategy.

f. Establish awards to recognize student groups, faculty, staff, administrators, and units, as well as outstanding efforts in teaching, research, and service.

g. Clearly articulate the university’s commitment to diversity, equity, and inclusion in student recruiting, admissions, retention efforts, materials, and policies.

h. Facilitate data collection and data access, including robust and recurring campus climate surveys, to support diversity, equity, and inclusion efforts.

C. **Review the impact of existing policies and procedures on diversity, equity, and inclusion goals.** Carefully consider and evaluate how new policies and procedures might impact diversity, equity, and inclusion goals. Examples include:

1. **University-wide policies and procedures**

a. Review and revise the university’s code of conduct for students, faculty, and staff.

b. Review and revise the mechanisms for appointing Regents, populating alumni advisory boards, and identifying/working with other stakeholders to reflect the University’s diversity, equity, and inclusion goals.

c. Provide opportunities for faculty, students, staff, and administrators to meet consistently to develop a common vision for diversity, equity, inclusion, and belonging, with a strategic agenda to include goals, objectives, initiatives, accountability measures, and rewards.

d. Review and revise Title IX resources and practices. Expand the role of Title IX and other related offices to serve as available and immediate resources to support faculty, staff, and administrators as they work towards the university’s diversity, equity, and inclusion goals.

e. Monitor underrepresented minority demographics in layoffs.
f. Facilitate community teach-ins or workshops where we come together to listen, learn, consider, and discuss, for example, “justice,” “institutional racism,” and “community.”

2. **Policies and procedures impacting faculty, staff, and administrators**
   a. Require that all administrators with significant personnel management authority, from Department Chair on up, receive both standardized ‘onboarding’ training in how to create and sustain work environments supportive of ‘inclusive excellence,’ as well as continuing, periodic training in best practices related to diversity, equity, and inclusion. These trainings are to be identified and/or developed by the administration. In addition, the University should require that all members of unit Committees A, who necessarily are involved in annual evaluations and often are the groups that recommend faculty and staff for awards and honors, receive training related to implicit bias and diversity, equity, and inclusion best practices.
   b. Revise and amend the Regular Faculty Recruiting Application (RFRA) to require detailing of specific strategies and effective practices for actively recruiting historically under-represented faculty.
   c. Review and revise how we evaluate faculty and staff, including teaching, research, service, and community outreach efforts. This includes reviewing and revising student evaluations of teaching, that have been previously shown to be biased.
   d. Provide appropriate resources to reinstate and continue critical training programs for faculty, staff, and administrators, such as Diversity Ally trainings (“Unlearning” racism, sexism, ableism, and classism, in addition to the ongoing LGTBQ Ally training).
   e. Reinstate the Diversity Fellowship through Center for Teaching Excellence (CTE).

3. **Policies and procedures impacting students**
   a. Reevaluate and assess the effectiveness and impact of the required diversity training for first-year and transfer students.
   b. Identify and facilitate retention of underrepresented minority students affected by bursar holds; facilitate and expedite need-based scholarships.
   c. Replace monthly bursar fees (currently 18% APR) with per-semester fees (approximately $50/semester at peer institutions).

D. **Apprise the Faculty Senate of actions taken toward President Gallogly’s stated goals to “increase efforts to recruit more students, faculty, and staff of color on campus; second, to review our code of conduct to make it as rigorous as possible in addressing inequality and racism; and third, ensure that our campus inclusion programs and training are robust and impactful.”**

We call on the administration to present an initial report at our May 6, 2019 Faculty Senate meeting, followed by an inaugural annual diversity, equity, and inclusion report presented in the September 2019 Faculty Senate meeting.
